

LIBERTY MEN'S GOLF

Sorry for the delay of our 1st newsletter of the season but here it goes. The young men have started off the season in fine fashion going 5-0 overall and 1-0 in the KingCo league in the first 2 weeks. Each player has been lowering their average as we continue to improve and get into the meat of the season. Yesterday's win over Bellevue was the first match to count in the standings. We have a non-league match Monday against Issaquah before resuming our league season Thursday against Interlake. Coach Larson and I, as always, are having a great time working with the guys and feel that they are doing a great job of creating a team atmosphere in what is often times considered an individual sport. Watching how they work together in matches and how they help each other on the range is beautiful to see. They seem very focused with their lofty goals in mind. Below are the results from the matches to date. The top 5 scores are used for team totals.

Coach Larsen, myself, and their teammates are very pleased with how they have developed over the season and are very encouraged. There is also a website at KingCoGolf.com that you can go to that lists all the league match scores and all coaches are instructed to update their page frequently. Our team would also like to thank all of you who have attended our matches. We appreciate your support.

Thanks also goes to **Sean Nielsen** for getting our shirts, pullovers and hats in time to start our league matches. Thanks also to **Dan Sherman** for donating the hats to the team. One last thanks to Caryn Frey who does just about everything else for us including deciphering my jibberish and putting out this newsletter. -Coach Kinsley
